Re. FOIL Request: Policies, Regulations or Ordinances Governing the Operation of Electric Scooters Within the City Limits of Buffalo, NY

Dear Mr. Larson,

The City Clerk's office has received your FOIL request recently. A responding agency has a responsibility to conduct a diligent search for existing records that are "reasonably described" in a request.

The Freedom of Information Law is based upon the presumption of access to existing records of an agency as defined under Public Officers Law §86(4). A condition precedent to gaining access to the records is that the requester must submit a request that reasonably describes the records sought, so as to enable the agency to perform a diligent search. See, *Public Officers Law* §89(3). The Court of Appeals held that a request reasonably describes the record sought when agency staff has the ability, with reasonable effort, to locate and identify the records sought. See, *Konigsberg v. Coughlin*, 68 NY2d 245 (1986).

We searched to the extent of the attached description, and no records were found. For information of City of Buffalo departments, please see our website, www.buffalony.gov.

Should you require any further assistance, please feel free to contact our office at 851-5432.

Very truly yours,

Handwritten signature of Gerald A. Chwalinski in black ink.
